### Product Properties

Color: Crystal clear

Odor: None

Viscosity: Water thin

pH: 6.5

Specific Gravity: 1.05

Combustion: Non-combustible

### Product Description

VASKA's Oxygen Brightener is a chlorine-free color-safe bleach that biodegrades completely. A mild hydrogen-peroxide solution, it is safe for colors or whites, natural or synthetic fabrics and will not cause tensile strength loss. Protects the life of your linens, and keeps them sparkling white, without damaging them. This product has been approved by the EPA's Design for the Environment program. It is considered both safe for the environment, and for the health and safety of workers using it. VASKA is a 'Champion' of the EPA's Safer Detergent Sustainability Initiative program.

### Features and Benefits

Whitens Naturally.....Zero Health Concerns  
EPA DfE approved.....LEED points
