Product Properties

Color: Clear, light greenish solution

Odor: chlorine odor

Viscosity: water thin

pH: 12.5

Specific Gravity: 1.09

Product Description

Sea Salt is a whitening solution that is milder than household bleach. Derived from ocean water that an electrical charge has been added to, VASKA uses this 5.25% chlorine solution for rewash laundry cycles. VASKA neutralizes Sea Salt Solution before releasing it into the drain.

This product is considered safe for handling. VASKA is a 'Champion' of the EPA's Safer Detergent Sustainability Initiative Program.

Features and Benefits

Mild Solution.....Low Health Concerns
Neutralized on release.....Protects groundwater
Low Usage.....Economical

Directions for Use

Place dispenser pick-up tube in container. Product will be automatically injected during the wash cycle. Follow instructions on your Laundry Procedures and Drying Guidelines poster. Consult your service representative for additional application information.

Safety Information

CAUTION: May be irritating to the skin and eyes. Rubber gloves and safety goggles recommended when handling. In case of contact with eyes, flush with running water for at least 10 minutes. In case of ingestion, give cupful of water and seek medical attention. Do not induce vomiting. If contact with skin occurs, rinse area with water, then follow with soap and water washing. Remove contaminated clothing and launder. Keep out of reach of children.
